16-bit UUID Numbers Document

Bluetooth® Document

Revision Date: 2022-09-15

Description:

The 16-bit UUID Numbers Document contains a list of 16-bit Universally Unique Identifier (UUID) values, previously available on other webpages on bluetooth.com. The 16-bit UUID Numbers Document is updated when new values are assigned.

All Assigned Numbers in this document are normative. All other materials contained on this document are informative only.

Authoritative compliance information is contained in the applicable Bluetooth specification.

This document, regardless of its title or content, is not a Bluetooth Specification as defined in the Bluetooth Patent/Copyright License Agreement ("PCLA") and Bluetooth Trademark License Agreement.
